

## About IBTE

The **Institute of Brunei Technical Education (IBTE)** is a leading government technical and vocational education and training (TVET) institution under the Ministry of Education. Dedicated to preparing students for real-world careers, IBTE offers hands-on, industry-relevant training that equips learners with the skills and knowledge needed in today’s dynamic job market.

**Established on 27<sup>th</sup> May 2014**, IBTE was formed through the restructuring of Brunei’s vocational and technical education system. Since then, it has played a vital role in developing a skilled, competent, and future-ready workforce that supports the nation’s economic diversification and sustainable growth, in line with **Wawasan Brunei 2035**.

IBTE offers a range of qualifications across its **seven campuses** in Brunei-Muara and Belait districts, including:

BDQF | Brunei Darussalam Qualification Framework

These programmes span key sectors such as **engineering, ICT, hospitality, business, agro-technology, construction, and health sciences**.

## Industry-Driven, Competency-Based Learning

Working together with industry partners, IBTE develops and delivers competency-based programmes aligned with current labour market demands. This ensures that graduates are not only job-ready but also globally competitive.

To support **lifelong learning**, IBTE’s **Continuing Education and Training (CET) Division** provides upskilling and reskilling opportunities through a wide variety of short courses tailored to adult learners and working professionals.

IBTE also supports the development of technical educators through its **TVET Academy**, offering:

- Foundation in Technical Education
- Certificate in Technical Education
- Diploma in Technical Education

## Vision and Mission

Vision

A globally recognised TVET provider, equipping learners to become a future-ready workforce.

Mission

To empower learners with industry-relevant competencies through dynamic collaborations with key stakeholders to cultivate highly competent and adaptable workforce.

## Core Functions
